Great news for Legends of Dawn players - a new patch!

So before everyone asks, yeah we do actually listen to your suggestions :-)

What's in the patch?

- added new tooltips with more information about items
- improved FOV and camera zoom so that when zooming towards player, camera moves slightly forward thus giving larger view area
- various small optimizations and fixes

The patch will be online today (March 3rd) at about 20h GMT.

Please let us know how did you like the patch
