The Dawn

Unbelievable! The legend has become a reality and you play a vital role. You must find the missing parts of the Dawn -- a dismantled legendary artifact of a lost Dwarven civilization.

The Dawn came into existence at the peak of dwarven greatness, supreme in magic; no other like it before and no other after. Others in the distant past quaked in the face of such raw power and stole it. Their great mages dismantled it and hid the fragments across the continent of Narr.

Only with the Dawn in your hand can you access the power that could solve the mystery of the Ashglades in the far north. Find it, take it north and put an end to the endless night.

P.S. Watch the eyes of the mask, it will light up when you find yourself in the vicinity of a lost fragment.
